C-LED

The new C-LED range of yacht lights gives you timeless design. This lamp is specially made for LED.

Save 80%-90% energy!

The LED lights are mounted with one warm white Power LED which gives excellent reading light. The bell orients in all directions to give light exactly where it is needed.

LED lights are mounted with a multivoltage 10V-30V LED driver.

The lifetime of the LED is more than 50.000h.
